Class: 4

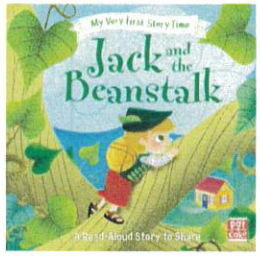

Barndale Learning Plan

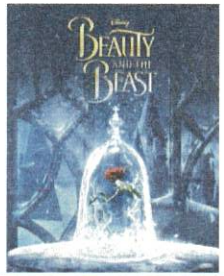

Term: 2020- 2021 Autumn

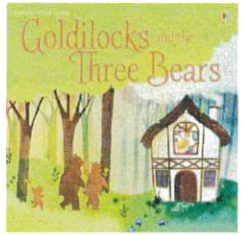

Our Class Reads

Communication, Language & Literacy

Our focus this half term is fiction with traditional tales. We will be covering a range of fiction books and exploring the story. We will be completing character descriptions, sequencing the story and answering questions in relation to the story. We will also be focusing on reading throughout our phonic sessions. We will also be creating our own fiction story similar to the stories we have covered.

Class Four

Numeracy & Problem Solving

We are going to focus on length and perimeter then progress onto multiplication and division. We will be using practical and visual supports to aid our work. We will also be applying this to real life situations such as measuring household items. During multiplication, we will be focusing on money.

Science – The Circulatory System

We are going to focus on the heart. We are going to learn where the heart is located in the body, what it is used for and the main parts of the heart. We are also going to learn and experience a range of activities that increase our heart rate and discuss what makes our heart healthy.

Knowledge and Understanding of the World

This term we are going to focus on India and the Indus Valley. We are going to explore the Indian culture. We are also going to compare India to the UK. We are going to learn about past civilisations in India and how they have changed.

PSHE

We are going to focus on Careers and the community. We are going to learn about different jobs in the community and why this is important to society. We are going to discuss our own aspirations and create our own CV.

Enrichment & Ways to Wellbeing

During Enrichment sessions, we will be focusing on a class enterprise as well as lessons focusing on the meaning of Christmas.

Therapeutic Input

Class Four will have input from the Physio, SALT, OT and VI team.

The Arts / Computing

We are going to create art relating to our Indus Valley topic. We are going to create our own heart in Design and technology. We are also focusing on how we communicate online and how to stay safe online linking with our PSHE.
