

COVID Responsive Curriculum- Sept 2020

In the event we need to isolate a bubble or parts of the school it is really important that your child/young person still makes good progress. For us at Barndale we have key areas in which we want this to continue. These are:

Communication & Interaction	Mental Health & Wellbeing	Numeracy Skills & Application	Reading & Writing	Understanding of the World	Physical Development	Therapeutic Activities
--------------------------------	------------------------------	----------------------------------	----------------------	-------------------------------	-------------------------	---------------------------

What we will send home will be a timetable of activities with both a paper/activity based task and an online one. This will support you in motivating them in their learning. We won't set timings as know that these will work differently for each family. Staff will still be able to support or answer questions but we hope you will enjoy doing them with your child.

Our intervention team will also share programmes, skills and resources specific to your young person's needs and EHCP requirements.

Example:

Monday

	Communication & Interaction	Mental Health & Wellbeing	Numeracy Skills & Application	Reading & Writing	Understanding of the World	Physical Development	Therapeutic Activities
Task	Play what am I. Use post its to write on a food and child asks questions to guess	Draw a picture of you with your favourite things	Playing cards- pick 3 and add up. Extend to 4 cards or more if needed.	Share a story with someone at home. Draw a character and label them.	Colour in the world map for places your family have visited	Set up a garden circuit gym. With a jump area, sprints, balance & throwing	Relaxation- put shaving foam/ bubble bath on a tray. Draw pictures
Online	Create a VLOG about your favourite toy. Answering questions	Well-beings APP- complete 3 activities	Numberblocks APP 20mins	Storytime from Cbeebies app. Pick a story to enjoy.	Google Earth- find somewhere you've not heard or and explore that country	Joe Wicks- complete a workout	APP find- download a colouring app or a slime mould one

We will remain in contact through e-mail where possible but can also phone if needed. Please take pictures of what you're doing and share it with us by sending to admin@barndalehouse.northumberland.sch.uk
