

Books to support our learning.

Communication, Language & Literacy

The children write every day, rehearsing aloud what they want to say, before spelling the words using the graphemes and 'tricky' words they know. They practise handwriting every day: sitting at a table comfortably, they learn correct letter formation and how to join letters speedily and legibly. Children's composition (ideas, vocabulary and grammar) is developed by drawing on their own experiences and talking about the stories they read.

Science

What is the atmosphere and how does it affect us?

In our 'Earth and Atmosphere' unit we will be looking how different types of rock are formed. We will learn about the carbon cycle and sequence it. We will discuss the chemistry of our atmosphere and explain how this has impacted the Earth's climate. We will also be able to explain the three different types of weathering.

Enrichment & Ways to Wellbeing

How are people affected by prejudice and discrimination?

Our PSHE unit this term is focusing on prejudice discrimination and how it affects others. We will be learning about how people are impacted by poverty, racism and antisemitism.

Iconic India

Knowledge and Understanding of the World

What would it be like to live in India?

In our topic this term we are looking at the country of India. We will be learning about its famous landmarks and its culture. We will research the lives of some famous people lived there. We will find out about India's relationship with its neighbours.

Therapeutic Input

Some of the class will access their individualised therapy plans from the speech and language and occupational therapy teams. Within class, we will explore independence skills PSHE sessions as we use different products to help keep ourselves clean.

Numeracy & Problem Solving

In Badger class, your child will start using negative numbers and will learn how to round numbers. They will also use numbers well into the 1000s, and will start reading and writing Roman numerals. We will also continue to work on times tables and skills learnt this year.

Computing: How can I debug an algorithm?

Our theme this term is programming techniques. Your child will be taught to use sequence, selection, and repetition in programs; work with variables, use logical reasoning to explain how some algorithms work and to detect and correct errors.

The Arts

How can I depict movement?

Our Artist that we are focussing on this term is Maurits Cornelis Escher. We will be taking inspiration from their work to help improve their drawing skills. We will be focusing on depicting movement and perspective in our work.

Physical Education

We will develop our movement, improving our stamina and staying healthy through two weekly PE sessions. Each week, we will be swimming and we will go to the studio.
