School re-opening following partial or full closure and lack of statutory testing/maintenance	Equipment / system failure leading to enhanced physical or biological risks to people	M	<p>The school has been open and operating prior to the Autumn term. Statutory testing and maintenance, such as water hygiene testing/flushing, lifts, gas supply/safety, fire alarm system, emergency lighting, fixed electrical installation, play/sporting equipment have taken place and maintained as normal during the Summer break.</p> <p>Head/Caretaker has ensured all necessary checks/paperwork/maintenance is up to date prior to school opening. Consideration given to; check of known asbestos sites for damage, potential pest/rodent activity, cleanliness/general safety of kitchen facilities, electrical equipment, site security measures, fire safety measures (extinguishers, door mechanisms etc.) and general building(s) integrity and serviceability.</p> <p>Fire evacuation procedures have been reviewed and a fire drill is planned [roll call lists updated/each class or cohorted group should stay together (where possible) and be assigned predetermined evacuation points which are sufficiently distanced from other groups - 'walk throughs' may be considered as an alternative so cohorted groups don't mix during evacuation but children must be familiar with sound of the evacuation alarm and be able to respond to it]. In an emergency situation, a full evacuation will take place as usual.</p>	L	<p><u>See guidance on Managing school premises during the coronavirus outbreak(withdrawn)</u></p> <p>Where checks / paperwork /maintenance is lacking; steps taken to address this prior to reopening - items taken out of use (where possible), or guidance obtained from a competent person (manufacturer, service engineer, NCC Property Services).</p> <p>Provision is in place to make adjustments and revisit fire drills.</p> <p>Fire risk assessment has been reviewed and the associated modifications / additional measures implemented to maintain an effective fire strategy (e.g. escape routes, doors held open etc). Any changes to the fire risk assessment have been communicated to all staff.</p> <p>Barndale Specific:</p> <ul style="list-style-type: none"> • SLT meeting to review arrangements • Fire drill communicated in Covid briefing with visuals • Cleaning checklists agreed inc. staff responsibility • Residential RA to be completed before 18/9/20

Group sizes are kept as small as possible, taking into account delivery of the curriculum, and are detailed below (enter school specific detail; the following is given as guidance):</p> <ul style="list-style-type: none"> ○ EYFS - Setting should still consider how they can minimise mixing between groups, however they can return to normal group sizes. ○ Key Stage 1 & 2 - Full class sized cohorts (if possible) ○ Key Stage 3 - Full class sized cohorts (if possible) ○ Key Stage 4 & 5 - May require year group sized cohorts to deliver full curriculum. <p>(Larger year group bubbles may be required in addition to KS4/5 mentioned above - Middle Schools may need these to accommodate setting arrangements). Where larger bubble groups are required, 'class groups' are kept in the same room with the same 'class group' as much as possible. Mixing of 'class groups' is minimised as much as possible. 		<p>As the school is fully open to all year groups, it is accepted that social distancing cannot always be achieved (especially for younger children). However, it should be applied wherever possible. For older children and staff this is more achievable and should be more robustly implemented. The general arrangements below have been put in place to mitigate the risk where distancing cannot always be achieved.</p> <p>General arrangements</p> <ul style="list-style-type: none"> • Pupils taught to adopt good hand and respiratory hygiene, to maintain suitable distancing (where possible) and to report if they are unwell. • Staff explicitly supervise health and hand hygiene arrangements for younger children and those with additional needs. Measures are in place to ensure more independent older pupils are following good hygiene practices. • Staff informally monitor for presence of symptoms. • Regular cleaning initiated (see below). • Where possible the same teaching staff work with the same groups • Where possible, the same groups are taught in the same classrooms or where this isn't possible, larger bubble groups are assigned 'zones' within the building. This limits the amount of movement around the school and potential contact with other groups. • Where possible the same desks are used by the same pupils each day and desks are front facing, with pupils sat side by side rather than face to face. Circular tables have been taken out of use. • Timetabling has been reviewed to stagger school activities (PE, Outdoor Learning, assemblies, 	<p>day. Some staff will need to move between sites but will follow hygiene procedures when moving between sites</p> <ul style="list-style-type: none"> • Staff will, where possible limit their distance from pupils, but due to the nature of pupils needs this will not always be appropriate • Class teams will maintain cleaning protocol within their rooms and around the site. • Class teams will monitor and support all pupils in maintaining good hygiene around school • Pupils will work, on the whole, at their own work stations but will be supervised when working in other areas • Where possible pupils will have breaktimes in separate areas or within their school bubbles (max 3 groups in each bubble) • Social stories for some pupils to explain changes • Pupils have own resources where possible and practical <p>Environment setup</p> <ul style="list-style-type: none"> • Declutter all classrooms to aid deep cleans • Transitions planned and agreed – communication with other bubbles via walkie talkie • Therapy room identified as hub for pupil who displays COVID-19 symptoms • Hygiene

Use of shared learning spaces by different cohort (bubble) groups and teaching of practical activities	Contracting coronavirus - staff, pupils, public	H	<p>In addition to the arrangements above, the following measures are in place for use of shared learning spaces/teaching of practical subjects:</p> <ul style="list-style-type: none"> • Activities undertaken are reviewed to allow teaching to take place in usual/assigned class space wherever possible. • Where this isn't possible and practical activities are required to take place in classrooms shared between bubble groups (e.g. D&T, Science, Domestic Science etc), frequently touched areas, desks, chairs etc and any shared equipment are cleaned between bubble group use (or left for 48 hours, 72 hours for plastics). • Those teaching practical subjects to a range of groups maintain social distancing and remain at the front of the class where possible. <p>Staff have reviewed lesson plans and risk assessments are in place for use of practical areas and for activities taking place e.g. PE, music, domestic science, art etc [signpost or link to specific risk assessments]</p>	L	<p>PE activities are carried out in line with <u>Guidance for full opening: schools</u> (which signposts to all relevant other publications) . Different cohort groups are kept apart and tables cleaned between each cohort group. If such measures are not possible, children should be brought their lunch in their classrooms.</p> <p>Table seating plans for those in the same class/cohort group are arranged so children are seated as far apart as possible or where this isn't possible are seated side by side. [it is accepted that this won't always be possible and schools should balance this against the practicality of completing lunch sittings within a reasonable timescale].</p> <p>Arrangements are in place to ensure that toilets do not become crowded by limiting the number of children or young people who use the toilet facilities at one time</p>		<p>- "Do not join the queue" when capacity reached signs</p> <p>Deliveries. Use of School Transport (external provision only)	Contracting coronavirus - staff, pupils, transport provider	H	<p>Steps taken to ensure anyone who becomes symptomatic does not use School Transport.</p> <p>Areas under lockdown are avoided unless travel into/out of that area is essential.</p> <p>The school encourages pupils to walk or cycle to school where possible. For some families, driving children to school may be a preferable option and will be accommodated where safe to do so.</p> <p>The degree of public transport use by pupils is quantified so; a) staggered start times may be considered to enable more journeys to take place outside of peak hours and, b) to support the Local Authority in identifying where it may need to provide additional dedicated school transport services to depress demand for public transport and to increase capacity in the system.</p>	M	<p>Note 1: Children who are allocated to a specific cohort/bubble in school are not required to utilise school transport in those cohorts only. Children from different cohorts may share the same transport providing stated control measures are put in place.</p> <p>Note 2: Children under the age of 3 should not wear face coverings. Children aged from 3-10 can wear face coverings, but they are not required to.</p> <p>Stated measures to be reviewed upon publication of new guidance to local authorities on providing dedicated school transport that will build upon existing government guidance.</p>
