

**Class: 4**

**Barndale Learning Plan**

**Term: 2020- 2021 Summer A**

### Our Class Reads

#### Communication, Language & Literacy – Cultural Stories

Class four will be reading a range of cultural stories and completing a scheme of work around this. We will be focusing on the language use, content and cultural differences. We will be progressing in our writing to develop our sentence structure and spelling ability. During phonics, we will be practicing our blending and segmenting to develop fluency during reading.

#### Science – Forces

Class Four will be learning and exploring a range of forces such as push, pull and magnetism. We will be learning about which items are magnetic and understanding the reasons why. We will be conducting experiments in relation to magnetism as well as other forces including air resistance.

#### Enrichment & Ways to Wellbeing/ PE

During our enrichment sessions we are going to focus on a range of activities linking with celebrations and achievements. Throughout PE sessions, we are going to focus on working together and team games.

#### Protecting the Earth

##### Knowledge and Understanding of the World –

##### Protecting the earth

Class four will be learning, exploring and developing their knowledge into how we can protect the earth. We will be learning about endangered animals, climate change and how to reduce our carbon footprint.

##### Therapeutic Input

Class Four will have input from the Physio, SALT, OT and VI team.

#### Measurement

We are going to expand our skills further in relation to the measurement. We will be exploring standard and non-standard measures in a range of contexts. We will be also learning to use vocabulary correctly within our work. Class Four will be conducting baking activities to focus on measuring a range of food items.

#### PSHE and RE – Healthy Lifestyles and Important Journeys

During PSHE, Class Four will be learning about the different food groups and how to stay healthy. We will be learning the importance of physical activity to understanding how we can care for our bodies. During RE, we will be looking at important journeys across different religions

#### The Arts / Computing – Data Logging and 3D sculpture

Class Four will be inputting data from their science and maths experiments this term. We will be focusing on bar charts. Class Four will also be creating 3D sculptures focusing on the earth.
